# ISF U15 WORLD SCHOOL SPORT GAMES 2021

Belgrade, SERBIA  
11/09 - 19/09/2021

Dear Members,  
Dear Participants,  
Dear Friends of Sport,

I would like to begin by thanking each and everyone of you for making this first edition of the ISF U15 World School Sport Games a resounding success. This event was able to achieve our primary goal, in providing opportunities for younger student athletes to establish a healthy lifestyle, acquire and develop skills and competences through high-level sport competition combined with educational and cultural activities.

This event would not have been possible without the tireless work and dedication of our friends from the Serbian School Sport Federation, and the unwavering support of the local and national governmental authorities. Once again Serbia has shown its ability to host international school sport events, and we look forward to returning there again in the very near future.

With the end of this first edition, comes the excitement from looking forward. As you will know by now, the edition will take place in Brazil in the year 2023. Following such a fantastic event in Belgrade, we cannot wait to discover the next step for this new ISF event.

Best regards,

Laurent Petrynka – ISF President

Dear students,  
Dear participants of ISF U15 World School Sport Games,

Firstly, I wish to thank you all for making this event so incredibly special. To see so many months of preparation conclude with celebrations and joy from participants of countries from all around the world, was truly heart-warming. It was our pleasure to welcome you all to Belgrade for the special first edition of this unique ISF event, and we hope you have all taken with you, lifelong memories from it.

I would also like to take this opportunity to thank our local and national authorities here in Serbia, for their continued support throughout preparations and the event itself, who without, this event would not have been possible. Furthermore, I would like to thank the ISF once again for having entrusted us with this historic moment, making Belgrade the location for the first ever ISF multi-sport event for 13–15-year-olds.

We look forward to welcoming you again in the future to Serbia, for more special ISF events.

Best regards,

Željko Tanasković – SSSF President

With its unique concept the Fun and Skills Zone was set up at the Kalemegdan Fortress as a space composed of 20 different interactive stations focusing on topics such Gender equality, Green friendly, Fair Play, Nutrition, Anti doping – Clean Sport, Safeguarding, Olympic Values, Wrestling, Badminton, E-Sports and traditional games. ISF partners such as United World Wrestling (UWW), Badminton World Federation (BWF), Global Esports Federation (GEF), the World Anti-Doping Agency (WADA), the International Fair Play Committee and Kinder played instrumental parts in the Fun and Skills Zone programme. The Fun and Skills Zone was situated at the heart of the U15 World School Sport Games. ## School Sport Forum Belgrade 2021: The Springboard for a Healthy lifestyle

The morning of 15 September marked yet another historic moment for the International School Sport Federation with the launch of the ISF School Sport Forum 'The Springboard for a healthy lifestyle' taking place in the context of ISF U15 World School Sport Games in Belgrade. This ISF creation presented the opportunity to gather a wide variety of governmental decision makers in the fields of sport and education as well as some of the most renowned and respected organisations and federations to discuss the role of education and sport in the development of youth.

## Wrestling at the Heart of School Sport

In order to provide more educational opportunities around the event, United World Wrestling (UWW) implemented certain activities in the Fun & Skills Zone at the Kalemegdan fortress, as well as many clinic sessions. The main goal was to propose activities that can develop self-confidence in students and share important knowledge of safeguarding and anti-doping in sport, through wrestling. From the UWW side there has been a lot of expertise brought in for this educational aspect of the event. Experts, former athletes, and coaches were mobilised to organise the various workshops and clinics taking place throughout the whole event.

## ISF Events: Sport Must be Safe and Fun for All

The ISF U15 World School Sport Games is an opportunity for student-athletes to compete in an international environment, have fun and make friendships, but also to learn about integrity in Sport. The ISF believes that children have the right to play in an environment where they are safe and will have their voices heard. Therefore, we profited from the opportunity of having athletes from various different countries gathering together to raise awareness on safeguarding and safety concepts.

The educational activities, that took place in the Fun and Skills zone and the multiple Workshop sessions that were held throughout the event. These meetings were specially planned to make the message accessible to youth through acting. Real stories of ex student-athletes that had been exposed to different forms of abuse were played by actors and then discussed with the student-athletes.
